When ants work hard in winter, they find sweet in summer.						
15	4.5 متن زیر را بخوانید و به سوالات به صورت خواسته شده پاسخ دهید. Hydropower or water power is produced as a result of falling or running water. It is a type of renewable energy. Water moves in a large cycle and then goes back to the ocean. Hydropower uses water to make electricity. Because the water cycle is an endless system, hydropower is a renewable energy. Turbines convert the water energy into electricity which is then used for houses and businesses. It is called clean energy because it doesn't pollute the earth. Hence, it is environmentally friendly. This clean renewable energy is used in some countries to keep their cities and villages clean. In this way, fewer fossil fuels are consumed in some countries each year, and <u>they</u> are saved for future. In short, when renewable energy resources like water power are used, the demand for fossil fuels is <u>reduced</u> . ❖ True / False

4.5	متن زیر را بخوانید و به سوالات به صورت خواسته شده پاسخ دهید. It is very important for us to respect our elders. It is also important to note that elders were not born elders; they were kids like us and now have grown old. A few years hence we will also grow older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old. Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus, we need to care for them because they deserve to be cared for. Respect and care for elders start with our parents as they are our real first teachers in our life. No matter what we do in life, who we are, and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate and respect them. So, we must care for those who once cared for us. ❖ True / False 51) Children will carry elders when they grow old. a) True b) False 52) Elders share their experiences with their children. a) True b) False 53) According to the passage, elders were always elders. a) True b) False ❖ Choose the best answer. 54) "We must care for those who once cared for us." It means -----. a) we should forget our friends soon. b) we only need to care for ourselves. c) we can forget about our parents. d) we must help those who helped us. 55) What is the title of the passage? a) Future Generations b) Kids and Parents c) Respecting the Elders d) Sharing our Experience ❖ Answer the following question 56) Why do respect and care for elders start with our parents?	16
